

ECON 4360: Empirical Finance
Spring 2014
Homework 00
Due Monday, 20 January 2014

Preliminaries

Nothing is "due", but you should "do" all of the following in preparation for next Monday's class.

1. Get MATLAB and install it on your computer.
2. Watch the following introductory videos:
 - (a) Getting Started with MATLAB: <http://www.mathworks.com/videos/getting-started-with-matlab-68985.html>
 - (b) Writing a MATLAB Program: <http://www.mathworks.com/videos/writing-a-matlab-program-69023.html>
 - (c) Working with Arrays in MATLAB: <http://www.mathworks.com/videos/working-with-arrays-in-matlab-69022.html>
 - (d) Using Basic Plotting Functions: <http://www.mathworks.com/videos/using-basic-plotting-functions-69018.html>
 - (e) Importing Spreadsheets into MATLAB: <http://www.mathworks.com/videos/importing-spreadsheets-into-matlab-68987.html>
 - (f) Importing Data from Files Programmatically: <http://www.mathworks.com/videos/importing-data-from-files-programmatically-71077.html>
3. Try and replicate some of the exercises from the videos in 2(a-d).
